

# Life In The Pain

## SafetySuit

Now you don't have a purpose  
You don't let anybody in  
You don't understand why she don't love you  
But you don't understand yourself Now you're out there with no target  
So your friends become your aim  
But there is no one left around you  
So there is no one left to blame And what you don't know, it won't hurt you  
And what you don't know will save you from some pain  
But if i could choose i'd let it hurt you  
Cause there's something bout life in the pain Yeah there's something inside you stiring  
Like there's a fight coming your way  
But there'll be no fists you'll be throwing  
Just some words you've got to say And you'll scream for your repentance  
Or you'll hide behind what's fake  
But there ain't nothing to forgiveness  
And you give as freely as you take And what you don't know, it won't hurt you  
And what you don't know will save you from some pain  
But if i could choose i'd let it hurt you  
Cause there's something bout life in the pain And i don't need to know you stories  
Don't need to understand your pain  
Cause i've been here since the beginning  
And i'll be here the rest of the way  
And i'll be here the rest of the way Now you've tried your hand at running  
But don't you try your hand at fate  
Cause there's a moment to be taken  
But it is right before you break And what you don't know, it won't hurt you  
And what you don't know will save you from some pain  
But if i could choose i'd let it hurt you  
Cause there's something bout life in the pain  
Yeah there's something bout life in the pain  
Is there something bout life in the pain
