

Try

Asher Book

If I walk would you run
If I stop would you come
If I say you're the one would you believe me
If I ask you to stay would you show me the way
Tell me what to say so you don't leave me
The world is catching up to you
While your running away to chase your dream
It's time for us to make a move
Cause we are asking one another to change
And maybe I'm not ready But I'm trying for your love
I can hide up above
I will try for your love
We've been hiding enough If I sing you a song would you sing along
Or wait till I'm gone, oh how we push and pull
If I give you my heart would you just play the part
Or tell me it's the start of something beautiful
Am I catching up to you
While your running away, to chase your dreams
It's time for us to face the truth
Cause we are coming to each other to change
And maybe I'm not ready But I'm trying for your love
I can hide up above
I will try for your love
We've been hiding enough I will try for your love
I can hide up above If I walk would you run
If I stop would you come
If I say you're the one would you believe me
