

# Speed Of Sound

Mike Posner

Block Beaters  
Make my dream real  
Bl-bl-bl-bl-block Beaters  
Moving at the speed of sound  
With my head up in the clouds  
Moving at the speed of sound  
With my head up in the clouds  
Yeah yeah, my life's like  
[Chorus:]Moving at the speed of sound  
Yeah yeah, yeah yeah  
With my head up in the clouds  
Yeah yeah, my life's like  
Moving at the speed of sound  
Yeah yeah, yeah yeah  
With my head up in the clouds  
My ma keeps telling me  
I better stay in school  
But when that ends, Lord knows  
I don't know what I'm going to do  
[Hook:]Cause everytime I blink now  
Another day rolls by  
It's getting harder not to think about  
All the things on my mind  
Like, I remember this time last year  
I was all alone  
I felt like I was two feet tall  
Now there's a hundred million numbers  
Inside of my phone  
But I still got no one to call  
My life's like  
[Chorus]My friends keep telling me  
How much they believe in me  
I wish that I saw the things that they see in me  
  
[Hook][Chorus][Big Sean:]My life's like  
My life's like  
Ay, do it, ay, music, ay  
High rise, elevator life  
I'm gone in 60 seconds

Or Talladega nights  
I know I'm living wrong  
I wish I could make it right  
But baby, hold that thought...  
Cause I gotta take this flight  
When I leave my passport  
Overseas passports  
Hotels with the glass floors  
Everything I ask for  
Fast cars, fast hoes  
My whole life is fast foward  
But if I stop, stop  
I might hit that dashboard  
And I be, I be  
I be, I be always take and choose  
In and out relations with  
Girls who want relationships  
And I can fake a smile  
And I end a conversation well  
We just can't see eye to eye  
We might need that LASIK shit  
Cause tomorrow I'll be gone gone gone  
Dip into another time zone zone zone  
Tryna make my hotel feel like home home home  
Phone won't stop ringing but I still feel all alone  
My life's like  
[chorus](Move it up, bring it up, bring it up, up up  
Bring it up, bring it up, move it up, up up...)
