

# Infra-Red (live @ Huxleys Neue Welt 2011)

## Placebo

One last thing before I shuffle off the planet  
I will be the one to make you crawl  
So I came down to wish you an unhappy birthday  
Someone call the ambulance, there's gonna be an accident I'm coming up on infra-red,  
There is no running that can hide you  
'cause I can see in the dark  
I'm coming up on infra-red,  
Forget your running, I will find you One more thing before we start the final face off  
I will be the one to watch you fall  
So I came down to crash and burn your beggar's banquet  
Someone call the ambulance there's gonna be an accident I'm coming up on infra-red,  
There is no running that can hide you  
'cause I can see in the dark  
I'm coming up on infra-red,  
Forget your running, I will find you (find you!) Someone call the ambulance  
There's gonna be an accident! I'm coming up on infra-red  
There is no running that can hide you  
'cause I can see in the dark  
I'm coming up on infra-red  
Forget your running, I will find you  
'cause I can see in the dark I'm coming up on infra-red  
There is no running that can hide you  
'cause I can see in the dark  
I'm coming up on infra-red  
Forget your running, I will find you  
I'll find you  
I'll find you
