Heaven-Piercing Giga Drill

Area 11

I'd been living underground
Locked in the silence
Until you came and dug me up
Into a world full of violence

Now we're spinning down anti-spirals
(Cut it, cut it out
Cut it, cut it out)
So many faces, so many trials
(Cut it, cut it out
Cut it, cut it out)

They won't stop our evolution
Who do you think we are?
Fight against your execution
Who do you think we are?

Whoa

Trust me and we'll fly not fall
Tip the balance and risk it all
Together we can go so far

RO RO FIGHT THE POWER!

Look up!
All the Lights in the Sky are Stars
Reach out with your fist!
Let's demolish the tower
We are complete
(Our souls are fused)
My Drill will pierce through

Go!

A twisting helix binds to me
It follows everywhere I go
It carries the hope of humanity
And everything we know

Smash your head, into mine
(Cut it, cut it out
Cut it, cut it out)
Time stops as we combine
(Cut it, cut it out
Cut it, cut it out)

They won't stop our evolution
Who do you think we are?
Fight against your execution
Who do you think we are?

Whoa

Trust me and we'll fly not fall
Tip the balance and risk it all
Together we can go so far

WHO THE HELL DO YOU THINK WE ARE?

Look up!
All the Lights in the Sky are Stars
Reach out with your fist!
Let's demolish the tower
We are complete
(Our souls are fused)
There's no defeat
(This path we choose)
We are complete
(Our souls are fused)
My Drill will pierce through

Believe in me
Who believes in you
Believe in me
Who believes in you

Believe in me
Who believes in you
My Drill will pierce through
