Unashamed Of You

Chris August

[Verse]
I'm really good at dancin, dancin round the point
What's the point of dancing just so people like me
I've wasted chances to speak up and make some noise
Why do I let these moments pass me by
Everybody ought to know[Chorus]
I will sing about Your love, I will shout it to the sky
I will tell of what You've done, when the people ask me why
I live my life this way I'll say that I am unashamed of You[Verse]
I feel like a preacher, I've got something to say
I'm treating right now like its now or never
I could talk about the weather, could talk about nothing all day
I'd rather talk about what lasts forever
Everybody needs to know that[Chorus]
I will sing about Your love, I will shout it to the sky
I will tell of what You've done, when the people ask me why
I live my life this way I'll say that I am unashamed of[Bridge]
The gospel, the cross, the good news for the lost
The blood that spilled down Calvary's Hill
For what Your grace did and what Your grace does
Oh I am unashamed of Your name, Jesus[Chorus]
I will sing about Your love, I will shout it to the sky
I will tell of what You've done and when the people ask me why
I live my life this way I won't deny that I've been changed
Ill point them to the one who saves, I'll say that I am unashamed of You
Unashamed of You[Outro]
The Gospel and the cross, theres some good news for the lost
His name is Jesus
We lift our hands to you, I lift my hands to you
