A Song for Cheerups

Anna Aaron

No more pills to get over the day. If Im out of my mind then feel oh. And I sing hahaha heyheyhey. You dont know what youre doing to me doing to me.
Make up to many places to stay. If Im trying to get through to you theres no way.
Darling I dont get your tricks.
You have to believe I want you above the others.
Honey should I be holy or something. Weve got a shotgun.
No kicks and no fun.
