I Will Not Be Broken

Ben Harper

Giving you, giving you, give till it's gone
Then the people you fight hard is forsake your wrong
Before me flash all of my memories and days
So don't stand in sincere at the side of my grave
I will not be broken
I won't be turned away
When it's too cold to breathe
And too dark to pray
I will not be broken
I go too far then I go further still
Time start's to clash, leaves a void non can fill
Nothing you can say to hurt me with your fork tongue
Through blood shot eyes I watch the world come undone
I will not be broken
I won't be turned away
When it's too cold to breathe
And it's too dark to pray
I've come too far to give up
Or to be turned around
I will not be broken
I will not bow down
I will not be broken
I won't be turned away
When it's too cold to breathe
And it's too dark to pray
I've come too far to give up
Or to be turned around
I will not be broken
I will not bow down
