

# Improvise

## Jurassic 5

[Jurassic 5]

Hey yo, it's like this when Allah says "Let it be like"  
We are some designated, poetical brothers with mics  
For whoever had skills to possess the gift  
Combination with the flavor and it goes like this...Tuna Fish

[Chali 2na]

I'm amphibious, citizen with the lesson plan  
Cashier at the J5 concession stand (Akil)

[Akil]

The militant steel with the peripheral  
Telegraphic skill build up cross field (Mark 7even)

[Mark 7even]

Fundamentalist bringing my verbal gift  
My style is packed Quik like cocoa in Swiss Miss (Zaakir)

[Zaakir]

For the way my pen sticks to rhymes  
Cause a million party people, it's about that time

[Jurassic 5]

And together, we'll show you how to improvise  
Reminiscent of the Wild Style '75  
Cause it's the brothers on the mic occupying the drums  
Taking four MC's and make them sound like one

[Akil]

I be the spark from the cannon, blaze the outstanding  
Tug of war, with the poor, rich, and scandalous  
Road running bandit, race against advancement  
Style winds cause storms when I perform

[Mark 7even]

I'm a Parker John robot and stomp your whole spot  
And beat you whole crew to a bunch of whole knots  
Dissect you from the inner then declare myself the winner  
Once the style clears, you'll be (real like Finner)

[Chali 2na]

One of the black your contractor  
Attacking your backdoor, you're trapped in my trash compactor  
Move back, whore, swingings before the trap door  
It's causin' the capture of brothers who rap more

[Zaakir]

Yeah, check the shelling, rock niggas redder than watermelon  
The grief-stricken, rotated 20/20 vision  
Rap felon, hottest rebel with bad spelling  
I pitch shift with unprecedented sharpness

[Jurassic 5]

Distributor, local street corner contributor  
Word inhibitor, scientific positioner  
Rhythm commission be J's for real  
"He drives the crossfader like a cutmobile"

We perpetrate the fake, the fraud, the phony  
Jurassic Masters of the Ceremony  
You came and saw right before your eyes  
In fact the old school flavor has survived, like this...

And together, we show you how to improvise  
Reminiscent of the Wild Style '75  
Cause it's the brothers on the mic occupying the drums  
We taking four MC's and make 'em sound like one

And together, we show you how to improvise  
Reminiscent of the Wild Style '75  
So whoever bought the tape bring your butt right back  
'Cause you never in your life heard a cut like that

[Zaakir]

Hey, we flip fast phonographs 45 records smash  
High was the forecast, ain't nothing they never had

[Mark 7even]

Make a move, never lose, competition quick to choose  
New styles, hot rhymes, guaranteed to blow your mind

[Chali 2na]

(Who's he?) The fanatic for unity  
Chemistry in the ghetto, diplomatic immunity

[Akil]

Well I'm the style stimulist, sound photosynthesis  
Super with the sentences in the Latin centuries

[Jurassic 5]

And together, we'll show you how to improvise  
Reminiscent of the Wild Style '75  
Cause it's the brothers on the mic occupying the drums  
Taking four MC's and make them sound like one

And together, we'll show you how to improvise  
Reminiscent of the Wild Style '75  
Cause it's the brothers on the mic in the place to be  
It's the J-you-are-A double S I-see
