

Messed Up

Suburban Syndicate

Whaa? I'm back You don't say that I'm pretty
All these simple things adding up to big ones
There is where you messed up
No movies or flowers, hours not knowing
Where you are or who you're with
There is where you messed up You keep on actin' like I really need a brother
Man, I don't need a brother
Better get your wish together
Can't keep on holding on waitin' for you
And baby, there is where you messed up You keep on actin' like I really need a brother
Man, I don't need a brother
Can't keep on holding on, waiting for you
And, baby, there is where you messed up You keep on actin' like I really need a brother
Man, I don't need a brother
Better get your wish together
Can't keep on holding on, waitin' for you
And, baby, there is where you messed up I don't need your money and no dinner
I got jewelry, winner to loser
And, baby, there is where you messed up You take me for granted
And expect me to stay right here
And wait on you while you're having fun
There is where you messed up You keep on actin' I really need someone
Can't keep on holding on yeah, you, you, you, yeah
You keep on actin' like I really need a brother
Better get your wish together
Can't keep on holdin' on, waitin' for you
And, baby, there is where you messed up You keep on actin' like I really need a brother
Better get your wish together
Can't keep on holding on, waitin' for you
And, baby, there is where you messed up You heading straight for the gate?
Time to cut my dead weight to you
And baby there is where you messed up
I heard it all a thousand times
Tried to mess with my mind but you
And, baby, there is where you messed up I don't need ya dawg
That's where you went wrong
I don't need ya dawg
See there is where you messed up
That's ya went wrong wrong wrong

She don't need ya dawg
And there is where you meesed up You keep on actin' like I really need someone
You keep on actin' I really need someone
Can't keep on holding on, no, no, no You keep on actin' like I really need a brother
Man, I don't need a brother
Better get your wish together
Can't keep on holding on, waitin' for you
And, baby, there is where you meesed up You keep on actin' like I really need a brother
Man I don't need a brother
Better get your wish together
Can't keep on holding on, waitin' for you
And, baby, there is where you meesed up
