

# Stand On My Own Ground

[Des'ree](#)

If I was down and came to you  
What would you say what would you do?  
I can sit here and die away  
You said you came to help and stay I don't wanna seem weak, I don't wanna seem down  
I'm gonna rise up and stand on my own ground Dumma dumma dumma dum dum, dum dum dum  
Dumma dumma dumma dum dum, dum dum dum  
Stand on my own ground, stand on my own ground I find my strength in simple things  
Things that in nature and birds that sing  
Had to realize what I had to do  
And that involved fleeing far from you
