Are You Free

White Rabbits

I am alive
I am free
Look so surprised
I got you need
But you can't be sure that I will wait
And that's so fast you say
Come on if I wait
So get undone so don't .it all
I am soul that I don't know
It look so surprised it's all alone
You can't be sure that I won't wake
And I'm so fast you say
Come on if I wait

To get under
So don't.it all
I am cold
And you solve your soul
Don't look so surprised
And you've always known that you can't be sure
But I won't run away
That's so fast you say
I wanna find a way to get under
So don't unrevel it all
You want me gone tell em win to let go
I only will talk and.
I am .
