Over Our Heads

Jon Brion

So what youre never understood?
Big deal youre doomed to die
Oh, oh
Nothing ever lasts
It all gets torn to shreds
If somethings ever lasting
Its over our heads
Its over our headsThink your troubles are so serious
Well one day youll be solong gone
Cause nothing ever lasts
It all gets torn to shreds
If somethings ever lasting
Its over our heads
Its over our heads
Its over our heads
