

Suffer

The Blues Collection

Slip and give a fake
Let you feel a little stronger
 My eyes awake
 You think I'm rollin' over
 You wonder how I feel
 Now that you're under
 You can't breathe
 Can't hold it any longer
 I'll, I'll make you suffer
 Fear is your only reason
 You never thought
 That you'd see me in another season
 Now I feel the need to make you suffer
 Now you see the face
 Of the one that took you over
 You can't believe
 How it ended up, you stumble
 I'll never let you have a chance
 Now you wonder
 You can't breathe
 Can't hold it any longer

Fear is your only reason
 You never thought
 That you'd see me in another season
 Now I feel the need to make you suffer
 Fear is your only reason
 You never thought
 That you'd see me in another season
 Now I feel the need to make you take it
 Think what you want, I've always seen
 The shade of your color scheme
 I cut through your bullshit talk
 I stomp on your ***** up walk
 Fear is your only reason
 You never thought
 That you'd see me in another season
 Now I feel the need to make you suffer
 Fear is the only reason

You never thought
That you'd see me in another season
Now I feel the need to make you suffer
