Exposed Hatred

Chastisement

[Music - Tommy, Lyrics - Johan, Per]What kind of man would do such a terrible thing and for what reason i ask myself / my oasis of love transformed into a burning inferno a chaos / twittering of birds replaced by vultures frenetic laughter pierces my brain / coals of fire lies beneath my feet / the stench makes my mind go furious black / exposed hatred / preventing hatred to fill my eyes i turn my back to this madness / walking towards the horizon armed with only faith / i'm determined to seek and destroy them who cruelly quenced the source to my now! Exposed hatred
