

Help Me Get Over

[Jonalyn Viray](#)

I know that this wound will bleed again
Now I'm here right beside the one I love
I see he's in love with someone else
Now I know I just got to let him go
Because it's over, Help me get over I don't know what to do
There is no easy way of letting go
But I know there's no sense
In holding on too much to something fading
Help me, Help me
Help me get over you Now I see, You're so happy with her
Deep inside I just don't know what to feel
Oh, I'm sure, You don't need me anymore
So I'll go on, Try my best to just move on
Now that it's over, I got to get over I don't know what to do
There is no easy way of letting go
But I know there's no sense
In holding on too much to something fading
Help me, Help me
Help me get over you I know I've got to leave it all behind
Somehow I'll try to get you off my mind
So tell me what to do
Help me get over... I don't know what to do
There is no easy way of letting go
But I know there's no sense
In holding on too much to something fading
Help me, Help me
Help me get over you Help me get over you...
Hmmm...
