

Long Way Home

Steven Curtis Chapman

Verse 1

I set out on a great adventure
The day my father started leading me home
He said theres gonna be some mountains to climb
and some valleys we're gonna go throughBut i have no way of knowing
just how hard this journey could be
Cause the valleys are deeper and the mountains are steeper
Than I ever would have dreamedChorus

I know we gonna make it

I know we're gonna get there soon

I know sometimes it seems like we are going the wrong way

It's just a long way homeVerse 2

Some rocks in my shoes, some Fears I wish I can lose

It makes the mountains so hard to climb

And i my heart gets so heavy with the weight of the world sometimesAnd theres a bag of regrets

Should of beens, and I gets

I keep on dragging around

And i can hardly wait till the day I get to lay them all downChorus

I know that day is coming

I know is going to be here soon

I wont turn back even if the world says I'm going the wrong way

It's just a long way homeBridge

And when we can't take another step

The father will pick us up and carry us in his arms

And even on the best days he says remember we aren't home yet

So don't get to comfortable

Because really are, is just pilgrims passing throughChorus

I know that day is coming

I know where gonna to be there soon

I keep on singing and believing what all of my songs say

Because our God has made a promise

And i know that everything He says is true

He promised he will never ever leave us

He's gonna lead us

He'll lead us homeEvery single step of the long way homeSo keep on we're gonna make it
