

# Our Time In the Universe

Chris Cornell

Waiting  
Upon the dunes of earth and sand  
In the morning  
The flame appears upon your hand  
Swallow  
The fears of empty promise hearts  
And remember  
We only just got to the stars Save the dying arms of midnight  
For the patience and or lapse of light  
'Cause it's our time in the universe  
Well I don't mind  
If we're blessed or cursed  
And it's our time in the universe  
Yours and mine Breathing  
Beneath miles of earth and sky  
And in sunlight  
I will appear before your eyes  
So don't worry  
On what tomorrow holds for you  
I'll be waiting  
At the end of every road you choose Save the dying arms of midnight  
'Cause it's our time in the universe  
Well I don't mind  
If we're blessed or cursed  
Well it's our time in the universe  
Yours and mine See you don't fall  
No matter the end  
See it unfold no matter the need  
See it fold up whatever happens to be  
It's what it will be  
It's what it will be 'Cause it's our time in the universe  
Well I don't mind  
If we're blessed or cursed  
Yeah it's our time in the universe  
Yours and mine  
Yours and mine
