Baby Blues

Funny Money

(Steve Whiteman, Terry Miller)
The best of times the worst of times
We've had some good times in between
Walking down on the boulavard of broken dreams
Up and down the long and winding road
I know we've had our share of pain
Out from under our dark cloud
Left you standing in the rain
Never had too much to say
Just turned your back and walked away
That's the game you played
Oh - Are you shaking in your shoes
Lookin' dazed and confused
Now are you cryin' baby blues
Yeah - Some things you just can't hide
Don't keep them bottled up inside
Now what's behind those baby blues
Baby blues
Baby blues
Baby blues
What's behind those baby blues right now
How far did you go deep down inside
Follow you heart don't live a lie
Life will pass you by in the blink of an eye
Dressed to kill was your look sureal
You had me going in Japan
Lookin' out for number one
You had me eating out your hand
Little boy blue whatcha gonna do
Now ever since you said goodbye
Is it champagne and caviar
You eating humble pie
Was it worth the price to pay
Are you looking back at yesterday
Whatcha got to say
Oh - Are you shaking in your shoes
Looking dazed and confused
Now are you crying baby blues
Yeah - Some things you just can't hide

Don't keep them bottled up inside
Now what's behind those baby blues
Baby blues
Baby blues
What's behind those baby blues
Baby blues
What's behind those baby blues right now
