

Next To It (feat. Ty Dolla \$ign)

Lupe Fiasco

Next to it, do it, do it, do it, do it Money ain't shit when there's wealth next to it
Wealth ain't shit when there's health next to it
In the lane with nobody else next to it
Ain't get here by myself, lot of help next to it
Word to chilly chill, that's myself let's do it
1St and 15 ent, FNF music
Album number 5, ain't nothing let's do it
Don't say my name, unless my city next to it
Anything look good with a titty next to it
And if the titty got a face that's pretty next to it
Riding around town something really exclusive
Bump a little Pac with some Biggie next to it
Nigga that's love with a twist next to it
Nigga that's a blood with a crip next to it
At the Bulls game like a tree gift next to it
Yes, nigga that's the flow and I sit next to it Everybody look better with a bitch, next to it
Rollie on a wrist lets do it
Top down on a whip that's roofless
And impressed is the bitch that do it, let's do it
Club ain't turned less some bitches into it
It's the bitch that do it Crib ain't shit unless a whip next to it
Whip ain't shit unless Benz next to it
But a Benz ain't shit when a Rari next to it
Rari ain't shit when a Zonda next to it
Really tell a difference when a Honda next to it
But a Honda is the shit when you jogging next to it
'Cause this a baby momma with a condom next to it
'Cause this a miracle I'm still rockin' let's do it
Still need a comma with a zero next to it
Then another comma with a zero next to it
Then a zero next to it and a zero next to it
Then another fuckin' comma then a zero next to it
Nigga, what we talkin' that's a million, let's do it
Nigga, What we talkin' that's a million, let's do it
Still at the bottom with a million next to it
'cause a million ain't shit with a billion next to it
A billion ain't shit when a trillion next to it
Captain save a ho she want a hero next to it
But I ain't tryna hear it, put my ear up to it

Cause it's kinda strange got a world next to it
Nigga, your wallet got a robber next to it
Black ski mask with a chopper next to it
You might need a bed with a doctor next to it
But nigga I ball like soccer next to it
Let's do it Everybody look better with a bitch, next to it
Rollie on a wrist lets do it
Top down on a whip that's roofless
And impressed is the bitch that do it, let's do it
Club ain't turned less some bitches into it
It's the bitch that do it Nigga my hood feel like heaven
With third worlds next to it
But nigga we good but we'll be even better
With thirty girls next to us
Yeah, the White House had a trap next to it
Yeah nigga that's a fact next to it
My house had a trap next to it
Ay nigga where's the house, let's do it
Your chest ain't shit unless a chain next to it
Chain ain't shit unless gold next to it
Gold ain't shit when a diamond next to it
Your beat ain't shit unless I'm rhyming next to it
(Huh, huh) Shinning next to it
Shit ain't real can't find her next to it
Nigga let's park it on the red carpet
Grammy Awards my momma next to it Everybody look better with a bitch, next to it
Rollie on a wrist lets do it
Top down on a whip that's roofless
And impressed is the bitch that do it, let's do it
Club ain't turned less some bitches into it
It's the bitch that do it
