Between Two Mirrors (Feat. Blaine Harrison)

Moulettes

Hide and seek
I've come to find you
Hide and seekMemory is a river, it runs forever and the source is you
All come to fruition, your experience is in full bloom
Your thoughts are all in orbit and at the centre the fires alive
Cross over the boundary to new territory taking flightAmong the birds of paradise that sing in every silver tree
hanging in the branches there are tokens you have left for me to find
The landscape is a labyrinth with echoes splitting every sound
Lost in the reflection of a person who can't be foundSince you are no stranger to wakefulness' clutch,
when we dream we are together, so close we almost touch.
Your eyes are truly a window into another world
where we could go.
Now that I have found you
I would like to know more.
Now that I have found you
I would like to know more.Will I wake one day to find you've gone to far and now you cant get back
Caught up in fall out in the chaos of the aftermath
Right inside the motor of the turning of the centuries
Caught between to mirrors stretching infinite away from meSince you are no stranger to wakefulness' clutch,
when we dream we are together, so close we almost touch.
Your eyes are truly a window into another world
where we could go.Now that I have found you
I would like to know more.
Now that I have found you
I would like to know more.
Who'd have known
All of the times I wanted to?
Who'd have known
All of the times I wanted to?Since you are no stranger...
When we dream we are together...
When we dream we are together...Who'd have known
All of the times I wanted to?
Who'd have known
All of the times I wanted to?Who'd have known
All of the times I wanted to?
Who'd have known
All of the times I wanted to?I've come to fine you.
