February

Christina Courtin

When you gonna come and brave the cold with me my love?
When you gonna come and brave the cold with me my love?Fall away to pieces,
Memories
A lonely winter by the seaWhen you gonna come and brave the cold with me my love?
When you gonna come and brave the cold with me my love?Fall away to pieces,
Memories
A lonely winter by the sea,
can't you see
February
It just makes me spring in to spring
Ah, them hills will ringSee, can't you see?
February
It just makes me spring in to spring
Ah, them hills will ring
Hear them birdies sing
