One In A Million

Bosson

Your one in a million, oh
Your one in a million, woa oh
One, one, one, one, one,Sometimes love can hit you everyday
Sometimes you can fall for everyone you see
But only one can really make me stay
The sign, the one in the sky, has said to meYour one in a million
Your once in a lifetime
You made me discover one of the stars above us
Your one in a million
Your once in a lifetime
You made me discover one of the stars above usI've been looking for that special one
I've been searching for someone to give me love
When I thought that all the hope was gone
A smile and there you were and I was gone
I always will remember how I felt that day
A feeling indescribable to me, yeah
I always knew there was an answer for my prayer
And you, your the one, the one for meYour one in a million
Your once in a lifetime
You made me discover one of the stars above us
Your one in a million
Your once in a lifetime
You made me discover one of the stars above usIn the beginning I was cool and everything was possible
They tried to catch me but it was impossible
No one could hurt me it was my game
Until I met you baby and it wasn't the same
When you didn't want me, I wanted you
Because the funny thing about it is I like the show
I like it when it's difficult I like it when it's hard
Then you know it's worth it that you find your heart
(Whoa)Your one in a million
Your once in a lifetime
You made me discover one of the stars above us
Your one in a million
Your once in a lifetime
You made me discover one of the stars above usYour one in a millionc
