Windshield Smasher

Black Moth Super Rainbow

Show me the way you make me dreamin ok
You love my hair because it grows everyday
We get so happy with the hearts that we break
Hairspray, gasoline, and rollerskatesIt grows on and on and on and on
We smashed all of your all of your all of your friendsShow me the way you make me dreamin ok
You love my hair because it grows everyday
We get so happy with the hearts that we break
Hairspray, gasoline, and rollerskatesIt grows on and on and on and on
We smashed all of your all of your all of your friendsI hate my hair, I'm so deep
Cut you a lock you can keep
You give me all I want
Subliminally in my sleep
