Wake the Sun

Sasha

still trying to find my way
through this token night
bleary-eyed
cause everything is undefined in this light
a little closer to dreams but I am never far from awake
a little closer to knowing that is not a mistake
not a mistakeI'm ready to wake the sun
I'm ready to take it on
till it's burning through my skin
till it's hurting deep within
till the day is donelet it shine - let it shine
let it shine - shine on meyesterday shadows
are still casting shapes
a little closer to heaven
that I'd like to be
I don't wanna fall - I don't wanna be afraid
I don't wanna crack - loose my grip and break
loose my grip and breakI'm ready to wake the sun
I'm ready to take it on
till it's burning through my skin
till it's hurting deep within
till the day is donelet it shine - let it shine
let it shine - shine on medon't wanna fall
don't wanna be afraid
don't wanna crack
loose my grip and breaklet it shine - let it shine
let it shine - shine on me
