

# Playgirl

## Ladytron

Playgirl, why are you sleeping in tomorrow's world?  
Hey, playgirl  
Playgirl, why are you dancing when you could be alone?  
Hey, playgirl  
Playgirl, why are you sleeping in tomorrow's world?  
Hey, playgirl  
Playgirl, choking on cigarettes won't get you along  
Hey, playgirl  
Hey playgirl, hey playgirl  
Northern lights catch you coming down  
Sleep your way out of your hometown  
Playgirl, why are you sleeping in tomorrow's world?  
Hey, playgirl  
Playgirl, why are you dancing when you could be alone?  
Hey, playgirl  
Playgirl, why are you sleeping in tomorrow's world?  
Hey, playgirl  
Playgirl, choking on cigarettes won't get you along  
Hey, playgirl  
Hey playgirl, hey playgirl

Northern lights catch you coming down  
Sleep your way out of your hometown  
Hey playgirl, hey playgirl  
Northern lights catch you coming down  
Sleep your way out of your hometown  
Hey playgirl, hey playgirl  
Northern lights catch you coming down  
Sleep your way out of your hometown  
Hey playgirl, hey playgirl  
Hey playgirl, hey playgirl  
Foreign coin on a telephone box  
A question mark on a calendar  
An empty seat on the alpha line  
A sorting code, an account number  
Hey playgirl, hey playgirl  
Northern lights catch you coming down  
Sleep your way out of your hometown
