

Press Harder

GemStones

Press harder, press harder
Just hold on, just hold on
X2I believe everything happens for a reason
And everything that's gon' evolve will happen in its season
The sun revolves, I'm just happy to be breathin'
Will my search for happiness and hope that shadows all the grievin'
My heart patterns every time she say she leavin'
God we failed at marriage probably cause we stopped believin'
I'm not embarrassed, proud of all of my achievements
Lent from all the dirty floors I fall upon to repent
I'm calling on the Lord, but as of recent
Feel like I'm just talking on the floors with my knees bent
Cause I ignore the signs He presents
And turn around and straight ignored the ones He resent
Hoodies underneath my coat that hang knee length
The safety pin stands for hope that was just re-bent
Like a soul that needs to be quenched and deep wrenched to be drenched
Forever seek strength, blind elephantThe pressures of this album got me stressed
Soon as I think the flood is gone here comes another test
This writers block is bugging to my flesh
I can't connect, tough to I come up with something I don't rest
Thirteen hours at that table I reflect
On a praying conversation sitting in the car with x
Complaining to him about the whys and whos that had me stressed
He said get comfortable with being uncomfortable you being stretched
Like longitude which constitutes the East from West
Or blind mesus behind you moving fingers up your neck
Can't even chill without some cat who rhyme that's screaming lets connect
But chop and field the very moment you decline they lose respect
Its so surreal 99% of the time I'm too depressed
If I don't answer when you blowing up my line just shoot a text
Know you ill when you don't know the gift from God that you posses
And folks are thrilled by stuff that you once said is fire, but in reject
Blind elephantAt times I feel alone
As if I don't belong
It gets lonely at times
When all my strength is gone and I can't carry on
I stretch my wings to open and fly
And fly x2

And I wear my safety pin x3
