

Set Me Ablaze

Planetshakers

Lord we desire to see Your kingdom come
To see the Glory of Your Son
Shining bright on everyone All we desire is Your eternal flame
Burning brighter than the sun
Bringing hope to everyone For my generation Lord
I am crying out for more
Come and fill me with Your fire
Set me ablaze, Set me ablaze I want Your fire
More of Your power
Set me ablaze, set me ablaze
I want to know Your fire again All we desire is Your eternal flame
Burning brighter than the sun
Bringing hope to everyone For my generation Lord
I am crying out for more
Come and fill me with Your fire
Set me ablaze, Set me ablaze I want Your fire
More of Your power
Set me ablaze, set me ablaze
I want to know Your fire again I want Your fire
More of Your power
Set me ablaze, set me ablaze
I want to know Your fire again
Pour out Your Spirit
More of Your Presence
Fill me again, Fill me again
I want to know Your fire within For my generation Lord
I am crying out for more
Come and fill me with Your fire
Set me ablaze, Set me ablaze For my generation Lord
I am crying out for more
Come and fill me with Your fire
Set me ablaze, Set me ablaze Fill me up, Fill me up
Till I'm overflowing
Fill me up, Fill me up
Till I'm running over
Fill me up, Fill me up
Till I'm overflowing
Overflowing I want Your fire
More of Your power

Set me ablaze, set me ablaze
I want to know Your fire again
Pour out Your Spirit
More of Your Presence
Fill me again, Fill me again
I want to know Your fire within For my generation Lord
I am crying out for more
Come and fill me with Your fire
Set me ablaze, Set me ablaze For my generation Lord
I am crying out for more
Come and fill me with Your fire
Set me ablaze, Set me ablaze
