I Want To

Nearfield

I hope I'm born a thousand times
It will give me more time to speak my mind
And I hope I travel everywhere
And that everyone leads me to somewhere
That I've have never been before
And if they won't let me in
Then I'm breakin' down the door
Because I want to, want to
Everybody wants to
Have a little fun in life
You see, I want to, want to
Everybody wants you
When you learn to have a good time
So breathe in and let go
Music's gonna rock until it rolls
Do I what I wanna do, wanna do
Because I want to, want to
Where I come from they don't understand
What's gonna on while there making plans
But there's a world outside this living room
(Get up on the roof, get up on the roof, yeah)
So many lives to cross
I wanna feel every breath
And we're never gonna stop
Because I want to, want to
Everybody wants to
Have a little fun in life

You see I want to, want to
Everybody wants you
When you learn to have a good time
So breathe in and let go
Musics gonna rock until it rolls
Do I what I wanna do, wanna do
Because I want toc want to
Ooh, do what I wanna do, I wanna do
Because I want to, I want to
Do what I wanna do, wanna do
Because I want to, I want to

Yeah, yeah, yeah, yeah, yeah, yeah
I'm gonna breathe in and let go
Musics gonna rock until it rolls
Do I what I wanna do, wanna do
Because I want to, want to
Because I want to, want to
Everybody wants to
Have a little fun in life
You see I want to, want to
Everybody wants you
When you learn to have a good time
So breathe in and let go
Musics gonna rock until it rolls
Do I what I wanna do, wanna do
Because I want to, want to
