

# Horse To Water (Live In Vancouver)

R.E.M.

I could have kept my head down  
I might have kept my mouth shut  
I should have held my own  
You lead a horse to water and watch him drown  
You're only as big as your battles  
Rattle my cage with your shadow  
I'm a bantam weight with a mouthful of feathers  
Dont you know that what comes around goes around  
I'm not that easy, I am not your horse to water  
I hold my breath I come around, round, round  
Dont darken my doorstep again  
You're mixing up living in chin, chin  
You're mixing up lose with win, win  
You lead a horse to water and you watch him drown  
You stumble on glass top table  
TVs chewing shock gone cable  
Pump me up a beanstalk fable  
And Ill call this entertainment  
Cause Humptys falling down  
I'm not that easy, I am not your horse to water  
I hold my breath I come around, round, round  
Pick a fight an ultra buzzy bubble  
Friday night fucking fried up pub crawl  
Bantam-weight with a mouthful of feathers  
Dont you know that what comes around goes around  
I'm not that easy, I am not your horse to water  
I hold my breath I come around, round, round  
Its not that easy, I am not your horse to water  
I hold my breath, I come around, round, round  
Its going down, down, down this run around, round, round  
Is bound to pound the daylights out of you
