Never Again

Bahamas

Loosen your mind,
open back up to me.
We would be fine,
if this were not up to me.What can I do?
What can I do for you?
I'll do all that I can,
all that you'll let me do.Never again, never again will I let you go.
Never again, never again will I let you go.You turned around,
you turned around on me.
You changed your mind,
for something you found in me.Never again, never again will I let you go.
Never again, never again will I let you go.Never again, never again,
Never again, never again.
