Getting It Out

McBusted

Now I'm standing right outside your door
Just like fifty thousand times before
But tonight I gotta tell you
Better late than never
I can't take it anymoreI'm getting it out now (You're the one that I want)
I'm getting it out now (You're the one for so long)
Checking it out now (Not a moment to waste)
I'm getting it out now (I could fall on my face)So I climbed upon your brother's car
Hooked the radio to my guitar
And I turned it to eleven
Even god in heaven
Can hear the beating of my heartI'm getting it out now (You're the one that I want)
I'm getting it out now (You're the one for so long)
Checking it out now (Not a moment to waste)
I'm getting it out now (I could fall on my face)What if I say to you
Sha-la-la woah-oh-oh
Would it bring me to you
Sha-la-la woah-oh-oh
Whose to say
You could be miles awayNow I'm standing in the pouring rain
And the neighbours started to complain
But I don't care what they're saying
Gonna keep on playing
Till I finally get my way
Getting it out nowWhat if I say to you
Sha-la-la woah-oh-oh
Would it bring me to you
Sha-la-la Woah-oh-oh
Whose to say
You could be miles awaySo I climbed upon your brother's car
Hooked the radio to my guitar
And I turned it to eleven
Even god in heaven
Can hear the beating of my heartGetting it out now (You're the one that I want)
I'm getting it out now (You're the one for so long)
Check it out now (Not a moment to waste)
I'm getting it out now
