The Other Side

BoDeans

I got it all planned
I know exactly what to do
I counted the pills six times
There's seventy-two
They look so pretty
They look so nice
Gonna take a ride
To the other side
I guess that I should sit down
And write a little note
To tell everybody
That I didn't give up hope
I'm just really anxious
To get on with my life
Gonna take a ride
To the other side
I don't think death
Is an end to all things
We can only hope
For the peace that it may bring
And some folks will say
That I didn't have the right
Gonna take a ride
To the other side
