

Without You

Tina Turner

Fire, smoke, bad joke
That's what my life's been turned into
Hurt, cry, pray to die
That's all that I've got left to do Without you, every time someone speaks your name
I feel my heart go up in flames
Without you, nobody's here to see me cry
Or wipe the teardrops from my eyes Without you, I'm the only one that I've got left
And I can't live with myself, without you, oh, without you Guilt, shame, I'm to blame
For all the pain I put you through
Cold, yeah, stoned, mind blown
There's nothin' left for me to lose Without you, every time someone speaks your name
I feel my heart go up in flames
Without you, nobody's here to see me cry
Or wipe the teardrops from my eyes Without you, I'm the only one that I've got left
And I can't live with myself, without you
Without, without, without you, without, without, without you Time goes by, still I'm Without you, every time
someone speaks your name
I feel my heart go up in flames
Without you, nobody's here to see me cry
Or wipe the teardrops from my eyes Without you, I'm the only one that I've got left
And I can't live with myself, without you Every time someone speaks your name
I feel my heart go up in flames
Without you, nobody's here to see me cry
Or wipe the teardrops from my eyes Without you, I'm the only one that I've got left
And I can't live with myself, without you, ohh, without you, ohh
Without you, ohh, without you
