Expect The Unexpected

Control Denied

And when life seems to be complete
It comes and knocks us off our feet
The element of surprise
The avengeful attack
Straight on your back it will send you
Into a state of deja-vu
Here it comes one more time
Showing its ugly faceAssaulting the senses
Screaming into the mind
Premeditating master plans
No need to underestimatePrepare for what you cannot see
Expect the unexpected
And you will save yourself a state of shock
A waiting game, waiting to see
Expect the unexpected
And you will save yourself a state of shockAnother lesson learned to go with the others
That sit and wait to see
A silent voice
