

# This Time

## UFO

Maybe tomorrow, maybe next week  
Oh baby, the future looks bleak  
I can't believe what's been goin' on  
You're never there, you're always gone A little faith goin' a long way  
Always thought that you would stay [unverified]  
Diggin' for gold  
Movin' on, I'm out in the cold No, no baby, I believed in you  
No, no baby, it's not true  
No, no baby, I believed in you  
Don't put my heart on the line This time, let it be me  
I'll be the one that you can see  
This time I'll be your man  
I'm right here baby, here in your hand Situation is the classic kind  
Caught in this trap, oh love is blind  
Friends keep saying that you're bad news  
I keep saying how could you choose [Unverified] one more time  
Just to believe you are mine  
At the point of no return  
A fool in love, when will I learn No, no baby, I believed in you  
No, no baby, it's not true  
No, no baby, I believed in you  
Don't put my heart on the line This time, let it be me  
I'll be the one that you can see  
This time I'll be your man  
I'm right here baby, here in your hand This time, let it be me  
I'll be the one that you can see  
This time I'll be your man  
I'm right here baby, here in your hand There's no sign that this love of ours  
Will go on and on  
I took a long look at love  
From the point of view there's an Angel above This time, let it be me  
I'll be the one that you can see  
This time I'll be your man  
I'm right here baby, here in your hand There's no sign that this love of ours will go on and on This time, let it be  
me  
I'll be the one that you can see  
This time I'll be your man  
I'm right here baby, here in your hand This time, let it be me  
I'll be the one that you can see

This time I'll be your man  
I'm right here baby, here in your hand
