

Happy In My Heartache

[Josh Groban](#)

Coffee is on the table, and I
Just can't seem to wake up this aching heart of mine
One more day without you and I'll be fine
I know I'm good for waiting but waiting wasted time

Oh and I, I don't take it lightly,
The trouble that I've gone through, to get you to know who I am
Oh and I, I can't find a reason to be happy in this heartache
'Cause I should know better than that
I'm better than that

Wicked winds are blowing through the halls
These old familiar faces are clinging to the walls
I know its cold but I can't feel at all
And I know these walls are crumbling
And I won't stay to watch them fall

Oh and I, I don't take it lightly,
The trouble that I've gone through, to get you to know who I am
Oh and I, I can't find a reason to be happy in my heartache
'Cause I should know better than that

But I can't stop loving you
I don't know what to do
To keep holding on

Oh and I, I don't take it lightly,
The trouble that I've gone through, I've given you all that I am
Oh and I, I can't find a reason to be happy in my heartache
'Cause I should know better than that
Oh I'm better than that
