See You Again

Delilah

You hide me deep beneath your heart
I understand who you lend your love could tear you apart
But I could only recognise your face at night time
Morning shadows cloak the one thing I can?t find
You and all the things you do
And all the things you say
And all the things I feel you think
The one I thought I knew
Is dying to be saved
I pray one day you rescue him
And get to see you again
I?m gonna catch you
And get to see you again
Time you put up a fight
And get to see you again
I?ll drag you back to everything that we once knew
Before I let you give in
And get to see you again
You know I love you
And get to see you again
But you I do not like
And get to see you again
Don?t wanna be with a man that?s stuck pretending
That he?s not able to win
And get to see you again
You grasp my fears of broken love
And claim them yours
You?ve opened doors then shared in the path
But I can only recognise your face at night time
Morning shadows cloak the one thing I can?t find
You and all the things you do and all the things you say
And all the things I feel you think
The one I thought I knew
Is dying to be saved
I pray one day you rescue him

And get to see you again
I?m gonna catch you
And get to see you again

Time you put up a fight
And get to see you again
I?ll drag you back to everything that we once knew
Before I let you give in
And get to see you again
You know I love you
And get to see you again
But you I do not like
And get to see you again
Don?t wanna be with a man that?s stuck pretending
That he?s not able to win
And get to see you again
These situations pass us by
You seem to lead a double life
And I know that it is only meant to hide
Your feelings kept down deep inside
But I can see all of the things you do
Trapped behind the one I thought I knew
And get to see you again
I?m gonna catch you
And get to see you again
Time you put up a fight
And get to see you again
I?ll drag you back to everything that we once knew
Before I let you give in
And get to see you again
You know I love you
And get to see you again
But you I do not like
And get to see you again
Don?t wanna be with a man that?s stuck pretending
That he?s not able to win
And get to see you again
