

# At First Sight

## Submersed

You're looking so beautiful  
Standing in the light  
I've waited for this night  
For my whole life I reach to grab your hand  
I take it into mine  
Our hearts become numb  
Our hearts have become one And I'll wait for you  
If our world's falling down  
Crumbling to the ground And I'll wait for you  
If our world's falling down  
Crumbling to the ground With this honor  
On weak knees I stand  
Strengthened by your hands As the music starts to play  
That look upon your face  
I see what's in your eyes  
You see what's inside mine We see our life together  
We feel it as we dance  
There's rhythm in our love  
It's rhythm from above And I'll wait for you  
If our world's falling down  
Crumbling to the ground With this honor  
On weak knees I stand  
Strengthened by your hands With this honor  
On weak knees I stand  
Strengthened by your hands With this dance our life begins  
With these steps love has no end  
With this dance our life begins  
And I'll wait, and I'll wait With this honor  
On weak knees I stand  
Strengthened by your hands With this honor  
On weak knees I stand  
Strengthened by your hands With this honor  
On weak knees I stand  
Strengthened by your hands With this honor  
On weak knees I stand  
Strengthened by your hands  
[Incomprehensible]  
Strengthened by your hands
