

Memories Turn To Dust

Esmée Denters

I can feel your arms around me
Have you forgotten who I am
'Cause your reflection still surrounds me
All the moments that we shared

Sometimes I just sit and wonder
Can't believe we let it come this far
Reminiscing 'bout what could have been
But you're already gone

I can still see your face
I can hear the way you tell me not to rush
Seems like yesterday
Now it's so hard to trust
When memories turn to dust

I can't get rid of this strange feeling
Feels like your right here by my side
My heart is broken, never healing
I could just throw away our time

We were once so close
That I just can't let go
Always together
Now I'm standing here alone

I can still see your face
I can hear the way you tell me not to rush
Seems like yesterday
Now it's so hard to trust
When memories turn to dust

I can still see your face
I can hear the way you tell me not to rush
Seems like yesterday
Now it's so hard to trust
When memories turn to dust

I can still see your face
I can hear the way you tell me not to rush

And it seems like yesterday, baby

Now it's so hard to trust

When memories turn to dust
