There You Have It

BlackHawk

You're the kind of woman, I've been dreaming of
But I never thought that I could ever say it good enough
To win your loveYou probably think I'm foolish, you probably tell me so
I'll open up my heart and then you're probably gonna tell me no
But here I goI want to give you all I've got inside
I want to love you for the rest of my lifeThere I've done it and there I've said it
There you have it, I don't regret it
I give you my love in a minute
If you want it then come and get itThere I've done it, there I've said it
And there you have itThis is confidential, I never told a soul
Everytime I see you, I feel my heart begin to loose control
And all I knowIs that I'm feeling something I've never felt
I want to be with you and nobody elseThere I've done it and there I've said it
There you have it, I don't regret it
I give you my love in a minute
If you want it then come and get itThere I've done it, there I've said it
There you have itThere I've done it and there I've said it
There you have it, I don't regret it
I give you my love in a minute
If you want it then come and get itThere I've done it, there I've said it
There you have itOh yeah, yeah, yeah
There I've done it, there I've said it
There you have it
