

# Pain

## Bugzy Malone

Ah

They say life's not about waiting for the storm to pass  
It's about learning to dance in the rain (dance in the rain)

Bugzy Malone (Bugzy Malone)

You know (You know)

Watch this (Watch this) It's not physical pain, it's physiological pain (Pain, it's physiological pain) Emotionally  
scared so bad I was wearing a mask like Bane (So bad I was wearing a mask like Bane)

Not an actual mask, a physiological mask

What do you find that mad?

What about a kid that had to find his dad, to only find out he didn't like him back

Not physical pain, it's physiological pain (Pain, it's physiological pain) I seen it from the beginning, I was there  
on the wedding day

The happiest kid in the world when I'd seen the smile on my mums face

I thought it was real

I heard the vows, I threw the confetti

Little did I know it was fake Not physical pain, it's physiological pain (Pain, it's physiological pain) Everything

I loved in life just went up in flames

I went from cold to freezing

I watch the family break into pieces

I thought adults could iron out creases

I thought family was cousins, nephews and nieces, not arguing and some police Not physical pain, it's  
physiological pain (Pain, it's physiological pain) And if you look closely enough you can see the pain in my face

All the confusion, too many lies

It's all an illusion, nobody tries to understand

You get kicked to the kerb but nobody says one word

I'm a bad boy and I know why

I get mad cause I said I won't cry

And the pain runs deeper than the blue sea, but the tears they will never run dry

You're looking at a bad boy, bad bad boy

Bad boy, bad bad boy

Bad boy, bad bad boy

Bad boy, bad bad boy I'm a bad boy and I know why

I get mad cause I said I won't cry

And the pain runs deeper than the blue sea, but the tears they will never run dry

You're looking at a bad boy, bad bad boy

Bad boy, bad bad boy

Bad boy, bad bad boy

Bad boy, bad bad boy Ya

It's not physical pain, it's physiological pain (It's physiological pain) And I'd be lying to myself if I said I didn't
