

# Beloved (Grey Dawn Version)

## VNV Nation

It's colder than before  
The seasons took all they had come for  
Now winter dances here it seems so fitting don't you think  
To dress the ground in white and gray It's so quiet I can hear  
My thoughts touching every second that I spent, waiting for you  
Circumstances afford me, no second chance to tell you  
How much I've missed you My beloved do you know, when the warm wind comes again  
Another year will start to pass  
And please don't ask me why I'm here  
Something deeper brought me than I need to remember We were once young and blessed with wings  
No heights could keep us from their reach  
No sacred place we did not soar  
Still greater things burned within us  
I don't regret the choices that I've made, I know you feel the same My beloved do you know how many times I  
stared at clouds  
Thinking that I saw you there  
These are feelings that do not pass so easily  
I can't forget what we claimed is ours Moments lost and time remains I am so proud of what we were  
No pain remains, no feeling, eternity awaits  
Grant me wings that I might fly, my restless soul is longing  
No pain remains, no feeling, eternity awaits My beloved do you know, when the warm wind comes again  
Another year will start to pass  
And please don't ask me why I'm here  
Something deeper brought me than I need to remember My beloved do you know, how many times I stared at  
clouds  
Thinking that I saw you there  
These are feelings that do not pass so easily  
I can't forget what we claimed is ours Moments lost and time remains, I am so proud of what we were  
No pain remains no feeling, eternity awaits  
Grant me wings that I might fly, my restless soul is longing  
No pain remains, no feeling, eternity awaits Moments lost and time remains when I am so proud of what we were  
No pain remains, no feeling, eternity awaits  
Grant me wings that I might fly, my restless soul is longing  
No pain remains, no feeling, eternity awaits Moments lost and time remains, I am so proud of what we were  
No pain remains no feeling, eternity awaits  
Grant me wings that I might fly, my restless soul is longing  
No pain remains, no feeling, eternity awaits
