

Sweet Love

Billy Currington

9:00, May 28th

The first time I saw your face

You walked up and said

I hate this place

I said, I do tooWe stayed up and talked til dawn

Every night all summer long

Figuring out how to get along

Then it all fell through

And then the leaves fell tooWe had sweet love

Dancing in your room all night

Couldn't stop kissing you

To save my life

Baby, baby, we had sweet love

Just cause we got off track

Don't mean we can't get back

Baby, baby to that sweet love

Love, love, sweet loveI know the third time's a charm

But you and I ain't gonna go that far

Cause if I get you back in my arms

I ain't letting go againCause all of my sleepless nights

They're just a waste of time

Without you I'm living a lie

And it's a lonely sin

So let's dive back inTo that sweet love

Dancing in your room all night

Couldn't stop kissing you

To save my life

Baby, baby, to that sweet love

Just cause we got off track

Don't mean we can't get back

Baby, baby to that sweet love

Love, love, sweet love

To that sweet love

Love, love, sweet loveSo come on, come on

Give me one more try girl

A love like ours

Shouldn't never die, girl

So come on, come on

Bring it back to life, girl

Cause I ain't gonna lose it
Another time Oh, sweet love
Oh, sweet
Oh, sweet
Oh, sweet love Sweet love
Dancing in your room all night
Couldn't stop kissing you
To save my life Woah, baby, baby Sweet love
Dancing in your room all night
Couldn't stop kissing you
To save my life
Baby, baby, to that sweet love
Just cause we got off track
Don't mean we can't get back
Baby, baby to that sweet love
Love, love, sweet love
To that sweet love
Love, love, love
Oh, sweet love
