

# I Don't Need Anything But You

Brian Doerksen

I dont need anything, this world says I do  
I dont need anything but You  
I dont need anything that I cant afford  
I dont need anything but You I dont need anything, this world says I do  
I dont need anything but You  
I just need Your presence, Your life-giving love  
I dont need anything but You You are my ever present help  
You are salvation from myself  
You are my comfort and my joy  
I dont need anything but You I dont need anything that You wont supply  
I dont need anything but You  
I just need to trust that You will always provide  
I dont need anything but You You are my ever present help  
You are salvation from myself  
You are my comfort and my joy  
I dont need anything but You You are my ever present help  
You are salvation from myself  
You are my comfort and my joy  
I dont need anything but You  
I dont need anything but You  
I dont need anything but You I dont need anything  
I dont need anything but You  
I dont need anything but You, but You
