

It's You (Spirix Remix)

[Molly Kate Kestner](#)

I'm sorry but it's over
It's time for you to stop blowing up my phone
Been heavy on my shoulders
And I've been digging deep not to let it show You never live
You never learn
And I don't want to make you cry
But you're hanging on
And I'm letting go
I'm never gonna change my mind I know I said it was me, and not you
But no, that wasn't true
And yeah I said that I'd always love you
But hey, what could I do?
I know I said it was me, and not you
I guess I thought you knew
The lies I told you wouldn't save your pride
It's time to tell the truth It's not me, it's you I didn't need a rival
And I don't miss the green that was in your eyes
I'm more than just a title
I'm going to spell it out so you realize Oh I'm better than
I've ever been
And I don't want to make you cry
I'm all of me
When I'm with him
You're telling me you don't know why
I know I said it was me, and not you
But no, that wasn't true
I know I said that I'd always love you
But hey, what could I do? I know I said it was me, and not you
I guess I thought you knew
The lies I told you wouldn't save your pride
It's time to tell the truth It's not me, it's you
It's not me, it's you
It's not me, it's You know I don't want to break your heart
Just waiting to go through with this
There's a reason we fell apart
'Cause every part of me was hidden
And you're telling your friends I'm crazy
But baby it takes one to know one
Of my biggest mistakes to date I'm sorry but the truth is You never live

You never learn I know I said it was me, and not you

I guess I thought you knew

The lies I told you wouldn't save your pride

It's time to tell the truth It's not me, it's you

It's not me, it's you

It's not me, it's you

It's not me, it's you

It's not me, it's you
