Stallin'

Airling

And where you wanna go, don't go
How can you love me from the payphone
I'm stallin' for you but you're too slow
Take all your baggage baby, just go
And where you wanna go, don't
Just go, just go, just go, just goLate at night you're walking
Feeling like you're falling
How can you love from the payphone
You know I'll kiss you never say know
Figure it out, what you want
I make a real go
We can make out but girl
I wanna feel close, feel close
And where you wanna go, don't go
How can you love me from the payphone
I'm stallin' for you but you're too slow
Take all your baggage baby, just goNot gonna last, to leave the key, I feel
I can love you, we can make it work out for you
How can you look at me like that
Been waiting round every son's collapsed
I could lie about through ever do
I could call me out for love to you
But all these pictures in this building
They won't even touch me in this feelingAnd where you wanna go, don't go
How can you love me from the payphone
I'm stallin' for you but you're too slow
Take all your baggage baby, just go
Just go, just go, just go, just go
And I will never return to you
'Cause I've been living a lie for you
And I will never return to you
'Cause I've been living a lie
It's time to figure it outAnd where you wanna go, don't go
Just go, just go
