Perfect Love

Evidence One

It's been too long, too long apart
My heart cries out in rageI'm drowning deep within myself
From all the tears I cried
Don't wanna go on - hide & seek
Don't wanna feel this forever[CHORUS:]
You & I can't hide our feelings
You & I all alone
Why can't I trust this feeling
Trust in this Perfect LoveTrue love can mend, can only heal
What once was madly brokenLet's start again, built up again
No more harsh words spoken
Don't wanna go on - hide & seek
Don't wanna feel this never
Can't trust this Perfect Love
Can't trust this Perfect Love[CHORUS]Perfect Love
