

# Messiah Girl

## Antigone Rising

Rest assured, the truth it will unwind  
Could change your mind  
Make you stop  
Make you fall out of line  
Sit back  
Start to count your things  
What does it mean  
How loud does the alarm have to ring?

I lay down you blow  
Your wind in my soul  
You lay down I know

Oh Messiah girl  
Blur my vision  
Heed your word  
Oh Messiah girl  
Bruise my ego  
Rule my world

That Chicago morning burned my eyes  
Now I am blind  
From the brightest light that I've ever seen

If I'd read the cards right long ago  
Might I have known  
What the face down hand would bring  
You lived while I learned  
I bled while you burned  
Savior save me

Now that you've got me on my knees  
I beg for mercy  
Does it get you off to watch me bleed?  
Savior save me

---
