

You Will Be a Hot Dancer

Incubus

Damn, situation's new to me, why?
I see ahead afraid to be himself
I bet he'd to have a little
Encouragement from the opposite
Gonad side of the floor, yesEgg him along, make him feel at ease with himself
Steal his clothes, leave him his shoes
Let's get this marmaduke naked
Everybody help make him feel at easeLet's get this marmaduke naked
Let's get this marmaduke naked
So lose your head and go to piecesDon't you, don't you make fun of me
Don't you, don't you make fun of me
I'm gonna be, gonna be
Gonna be a hot dancer
Don't you, don't you make fun of me
Don't you, don't you make fun of me
I'm gonna be, gonna be
Be a hot dancer, so coolOoh, now that the basics are down
Converse amongst yourselves
But, keep an eye out for the next complication
In other words grab the next motherfucker marmaduke
Who refuses to subdue to these pelvic ostentations
I can't wait until the syllables bendLet's get this marmaduke naked
Let's get this marmaduke naked
So lose your head and go to piecesDon't you, don't you make fun of me
Don't you, don't you make fun of me
I'm gonna be, gonna be
Gonna be a hot dancer
Don't you, don't you make fun of me
Don't you, don't you make fun of me
I'm gonna be, gonna be
Gonna be a hot dancerYou will be a
A hot dancer son
You will be aDon't you, don't you make fun of me
Don't you, don't you make fun of me
Well I'm gonna be, gonna be
Be a hot dancer
Don't you, don't you make fun of me
Don't you, don't you make fun of me
I'm gonna be, gonna be

Be a hot dancer
Don't you, don't you make fun of me
Don't you, don't you make fun of me
Well I'm gonna be, gonna be
Be a hot dancer
Don't you, don't you make fun of me
Don't you, don't you make fun of me
Don't you, don't you make fun of me
I'm gonna be a hot dancer
Nah, nah, nah, nah, nah, I'm a hot dancer
Nah, nah, nah, nah, nah, I'm a hot dancer
